Driven by performance

Shipping Instruction

of

MAHLE Industrial Thermal Systems

GmbH & Co. KG

Preamble

This shipping instruction is valid starting from 01.01.2018 for deliveries of goods to the under point 1 mentioned locations with the pricing term „EXW-Incoterms 2000 / 2010“ or „FCA-Incoterms 2000 / 2010“.

It includes all forwarder specifications for the global procurement logistics.

We reserve us the rights to modify the instruction if necessary. They are valid as soon as the new version has been placed on our internet platform under:

<http://www.mahle.com/mahle/de/purchasing/general-guidelines-for-suppliers>

We feel impelled to invoice you possible freight differences to our conditions in case the shipping instruction will not be observed.

Schmitt Logistik department Mahle I.T.S.	
In den Datzenäcker 4 D-74541 Vellberg	6

2. Forwarder specifications

2.1. Deliveries within Germany

The goods have to be announced to the forwarding agent one day before pick-up until 16 o'clock!

➔ in exceptional cases until 11 o'clock on the same day

The registration has generally to be carried out with the standard tariff *targoflex* on the *Dachser - Online Portal eLogistic*:

<http://www.dachser.com/de/de/>

In case of an online registration the following information must be available:

- a) sender / supplier
- b) recipient
- c) place of delivery/place of unloading
- d) delivery note number
- e) order number
- f) quantity and kind of package
- g) content
- h) gross weight
- i) measurements length, width, height
- j) nestability
- k) postage

3. Parcel deliveries

3.1. Mode of shipment

The MAHLE Industrial Thermal Systems group exclusively accepts within the frame of the procurement logistics the dispatch in

UPS Domestic Standard – freight forward shipping.

- The regular term for the UPS Domestic Standard Service is, depending on the place of dispatch, 1 working day.

- UPS Express shipping is only allowed after having agreed with the scheduler respectively the purchaser of MAHLE Industrial Thermal Systems.

This procedure is valid for parcels up to max. 32,0 kg per parcel. The maximum length per parcel is 270 cm. The maximum dimension (length and girth) per parcel is 330 cm.

Please do the registration online via UPS and only in exceptional cases with the following telephone number *01805-882663* with indication of our customer number.

In case you are not yet a customer at UPS and you do not yet have an UPS customer number, so please contact our UPS partner with the telephone number *01805-882663*.
